

COMPROMISE CHANNEL IS NEXT IN ORDER

Board of Directors of Newbert District Hope to Reach Common Ground

ENGINEERS HAVE NOT BEEN HIRED

Plan for Settlement of Question of Width of Channel is Being Considered

It seems more than likely that the board of directors of the Newbert Protection District is going to lay out a compromise plan for the Santa Ana river channel without recourse to bringing in consulting engineers to go over the proposed work.

At the last meeting of the directors Director S. E. Talbert was named as a committeeman to see about employing consulting engineers and a second attorney for the district. The reason for the consulting engineer was that a large share of the ranchers and some of the directors believed a 300-foot right-of-way would carry all the flood waters, while Engineer H. Clay Kellogg, employed by the district, declared that nothing less than a 600-foot right-of-way would do.

Here was a very radical difference of opinion.

After talking with engineers in Los Angeles and getting figures on the cost of getting their opinions and estimates, the directors have come to the conclusion—by common consent of a majority at least—that it is not advisable to hire the consulting engineers. In the first place, the cost of getting their estimates would run away up. In the next place, it was thought probable that some compromise measure could be sustained. Along what lines the compromise will be made, if made, remains to be seen. It is probable that definite terms have not been decided upon. The board of directors desire to act unanimously. By putting the two plans proposed to them, the one by the ranchers and the other by the engineer, to a vote, a decision could be reached in short order. But which ever way the decision went there would be some dissatisfaction. Hence, the directors hope to get a compromise.

A date has not been set for the next meeting of the directors of the protection district.

LINER MEETS PERIL AT SEA

"Minnehaha" Struck Bishop's Rocks—Passengers Had Thrilling Escape

LONDON, April 18.—The liner Minnehaha struck Bishop's rocks thirty-five miles from Lands End early today. Sixty-four panic-stricken passengers were removed to Bryher Islands in safety although several life boats capsized during the disembarkment. All of the passengers were rescued. The ship's cargo of live cattle was transferred. The island's crew remained with the vessel which is rapidly going to pieces. Tugs are going to remove the crew and attempt to save the wreck.

WORK FOR CONTROL OF THE CONVENTION

Ballinger-Pinchot Struggle up at Denver—Garfield to Speak

DENVER, April 18.—Ballingerites and the Pinchot adherents are preparing to fight for control of the State Conservation Congress, opening here today. The Ballinger supporters are believed to be in the majority. It is thought they will be able to pass resolutions endorsing the Secretary.

Ex-Secretary of the Interior Garfield is scheduled to speak tonight.

CHARLEY TAFT WILL VISIT PANAMA CANAL

WASHINGTON, April 18.—That far-famed young traveler, who has already twice encircled the globe, "Charley" Taft, youngest son of the President, will shortly be on his way again. This time he will inspect the Panama Canal with Secretary of War Dickinson.

Weather Forecast
Southern California: Fair tonight and Tuesday; light northwest wind.

HAMMER NOW AT INSANITY

Overacker's Neighbor Says He Thought Man Acted in a Strange Manner

With the attendance greatly reduced, the trial of S. H. Overacker on a charge of murdering G. A. Winn on Jan. 13 last, was resumed this morning after a rest of three days. The interest in the case so far as on-lookers are concerned has lagged. The recital of opinions as to whether or not Winn was bad or whether or not Overacker was insane seem not to hold interest as well as did the recital of the incidents of the killing. At any rate had it not been for the fact that the sixth, seventh and eighth grades of the Newhope school were on hand, the courtroom would have had many seats to spare.

Attorneys W. H. Thomas and Victor Montgomery placed John H. Pope, a neighbor of Overacker, on the stand this morning for the purpose of showing that in Pope's opinion Overacker's mind is unbalanced and has been for some time.

A point of law as to Overacker's mind some time back was argued at length while the jury was absent from the room. Pope then testified that he had farmed next to Overacker, and had talked to him many times in the last four or five years. On one occasion, at the digging of a well, he thought the man was unbalanced. He talked incoherently and acted strangely.

J. C. McDowell, a Talbert farmer, testified that Overacker told him he believed Winn had poisoned his cattle. McDowell asked Winn last October why he and Overacker did not quit their quarreling and be neighbors. To this suggestion Winn replied: "No, if that old man doesn't leave me alone, I'll get him."

PASADENA SCHOOL ROOM PILED HIGH WITH BOOKS

PASADENA, April 18.—When seven hundred pupils of the Pasadena high school reached the assembly room this morning they found their books piled in a heap twelve feet high in the center of the room. Mischievously inclined persons evidently had entered the school during the night and emptied the contents of every desk on the floor. Fifteen seats were entirely covered by a mass of books and papers. It is estimated that five thousand volumes are in the heap. The police have detailed detectives on the case.

TAFT'S QUICK WIT SAVED HIM TO DAY

Confronted by Woman Suffrage Question He Dodged the Issue

WAS EMBARRASSED WHEN MATTER WAS BROUGHT UP

Told by Daughters of Revolution That He Hurt His Interests by Opposing Suffrage

WASHINGTON, April 18.—President Taft today dodged another attempt to involve him in the woman suffrage question. When Mrs. M. T. Scott, president of the Daughters of the American Revolution introduced the president to the delegates of the convention of Daughters of the Revolution, she said:

"It is rumored that President Taft does not favor woman suffrage. If this is true he is not consulting his own interest, for millions of American women admire him and would vote for him if they had the opportunity."

The president hesitated a moment, evidently embarrassed and then replied:

"I confess I didn't expect to have presented to me here this matter for controversy. I am going to continue on this presumption without discussing the power and place of women."

WORMERSLEY RANCH WILL BRING \$12,000

The executors of the estate of Jas. Wormersley, who died at Orange, have reported a private sale of the estate's ranch near Orange to A. N. Saxton for \$12,000. The sale has been reported to the superior court for confirmation.

WILL RESIGN AT END OF HIS TERM

Senator Aldrich's Retirement on Account of Ill Health Is Announced

PROVIDENCE, April 18.—Senator Aldrich, father of the present tariff law, will resign at the end of his present term. Under no circumstances will he be a candidate for re-election. This announcement was made today by General Brayton, known as the Republican boss of Rhode Island. Brayton declared that ill health had caused Senator Aldrich's determination to retire.

Brayson's announcement, which is considered authoritative, followed a conference with W. L. P. Bowen, a prominent member of the legislature and a Republican leader.

Means Reorganization

WASHINGTON, April 18.—The retirement of Senator Aldrich will mean the entire reorganization of the Republicans in the Senate, according to Republican leaders. The insurgents appear to believe that it will result in an excellent chance for them to get the balance of power. They further predict that it will result in a fight for the "regular" leadership between Hale and Lodge. It is generally expected that Aldrich will spend the remainder of his term championing administration measures. The monetary legislation, which he favors, embracing certain radical changes in the monetary system, is numbered among his pet projects.

TRAIN ROBBERS IN HILLS OF PINOLE

Posses Divide in Endeavor to Prevent Escape Into Contra Costa

MARTINEZ, April 18.—The posses that are trailing the train robbers who stole four sacks of registered mail from the Southern Pacific China-Japan fast mail train Saturday, believe they have located the bandits in the hills behind Pinole.

Sheriff Veale with twenty men are hurrying to Pinole while posses from Oakland and Berkeley are trying to prevent their escape into the interior of Contra Costa county.

Another Clew to Bandits

BERKELEY, April 18.—Miss Mary Hadley of Port Costa, telephoned chief of police Vellmer today that two men she believes to be the bandits who robbed the China-Japan Southern Pacific fast mail, stole her horse and buggy today and galloped toward the foothills. A posse was hastily organized and took up the trail. The men appeared at the Hadley ranch and were employed as farmhands. They seized the first chance to take the buggy and escape.

BELIEVE HE KILLED GIRL

Man Who Did Peeping Tom Act Here in Jail in San Diego

Threatened Life of Girl—May be Poltera Murderer—Local Police Interested

George Barlow, who served a sentence here and another at Long Beach, for doing the "Peeping Tom" act, is in jail in San Diego, under a charge of having threatened the life of a small colored girl. That Barlow may have been the man who murdered the Poltera girl in Los Angeles last May was the word sent out by the San Diego police, and resulted in an investigation being made here by City Marshal Edwards and his officers.

The Poltera girl's mutilated body was found in Griffith Park on May 20.

The local officers, on looking over their books, found that on May 10 Barlow was sentenced to five days in jail here for drunkenness. He worked here in a blacksmith shop from the time he got out of jail until in June, when he was sent to jail for the limit for disturbing the peace. He was caught peeping into a window. While at work here he made a trip to Los Angeles, and as yet the officers cannot determine whether he was here or in Los Angeles on May 19, the day the girl was killed.

Barlow's actions in San Diego mark him as a fiend. The police there had numerous complaints that he had bothered little girls.

Sheriff Hammel of Los Angeles, is reported as saying that he doubts if Barlow is the Poltera murderer.

PRISON POET LEFT PRISON CELL TODAY

STILLWATER, Minn., April 18.—John Carter, the mysterious prison poet, was released today after serving five years for stealing clothes from some telegraph operators. He stole the clothes to buy food after being thrown from a train near here. During his prison term he wrote poems which appeared in the Century, Harpers and Scribners magazines, and attracted the notice of the literary world. Novelists and poets of national reputation secured his release from the governor. He is an Englishman and refuses to tell his right name.

SAN DIEGO OFFERS EXPOSITION PLAN

NEW YORK, April 18.—D. C. Collier of San Diego, has made a proposition in Washington that San Francisco and San Diego each hold an exposition, the Panama Canal World's Fair to be at San Francisco, and a demonstration to be held at San Diego, the expenses of which would be paid out of the appropriation made for the San Francisco World's Fair.

DRLEY BELIEVES THAT
SCH. COOK FOUND POLE

WASHINGTON, April 18.—Admiral Schley today declared his belief that Dr. Cook reached the North Pole. "Peary is the best witness in Cook's behalf," he declared. There is honor, money and glory enough for both. Why not give each his due? There is no reason to believe Cook did not tell the truth."

HUNGARIANS' PARLIAMENT HONORED TEDDY

Adjourned for Day After Hearing Address Delivered by Col Roosevelt

ACCIDENT TO POLICE CHIEF IN GREAT CRUSH

Crowds Greeted Roosevelt in Hungary—Mrs. Roosevelt and Ethel in Paris

BUDAPEST, April 18.—Col. Roosevelt's visit cost the chief of police a broken leg. The enthusiastic Hungarians jammed the railway station last night to greet the American and the chief was caught in a mass of celebrators and his leg was crushed. Roosevelt was swept from his feet and was carried fifteen yards by the excited Hungarians before he was rescued from his admirers.

Today Roosevelt called on Duke Joseph, Premier Count Hedervary and also visited parliament. Tonight he will attend a parliamentary dinner. He broke away from royalty long enough to visit Francis Kossuth, the leader of the opposition in Parliament, who is ill. The people were delighted at this instance of his democracy.

Addressed Parliament

Col. Roosevelt today addressed the Hungarian parliament, after which that body adjourned for a day in honor of the distinguished American. In his speech he rebuked political reactionaries. He made no reference to American political conditions.

Mrs. Roosevelt in Paris

PARIS, April 18.—Mrs. Roosevelt and Miss Ethel Roosevelt arrived here at 10 o'clock last night from Avignon, where they spent a day or two.

They were met in the station by Ambassador and Mrs. Bacon and driven to the Bacon residence, where they will remain until Mr. Roosevelt arrives.

WRECK WAS DISASTROUS

JACKSON, Miss., April 18.—Six persons are reported as killed, with several injured in a wreck on the Illinois Central today. The train rolled into a ditch and caught on fire.

Officials Say Three Were Killed

CHICAGO, April 18.—Officials of the Illinois Central stated that three mail clerks were killed in the wreck at Jackson, Miss. It was stated officially that all passengers escaped injury. The wreck occurred in that portion of Mississippi that was storm-swept last week.

H. E. HUNTINGTON HAS RARE BOOK COLLECTION

NEW YORK, April 18.—Besides being the owner of the best street railway system in the United States, Henry E. Huntington of Los Angeles is a bibliophile. In his sumptuous apartments in the Metropolitan Club, the exclusive organization of this city, which numbers among its members the millionaires of the country, he has a collection of 25,000 volumes. It is the rarest collection of books in this country, but by reason of its owner's great modesty, is unknown to the general public. The books repose in mahogany cases that have bevel plate windows and strong Yale locks. The collection is valued at \$50,000, but some of the volumes are priceless.

CHILE MAY ARBITRATE ECUADOR-PERU TROUBLE

VALPARAISO, Chile, April 18.—It is believed today that the offer of the Chilean government to arbitrate the differences between Ecuador and Peru will be accepted and the danger of hostilities averted. Dispatches from Quito stated that the war spirit in Ecuador is dying. It is almost certain that Peru will accept the offer.

PROSECUTION TO HAVE FREE REIN

May Relate Illnesses of Swope Family and Benefits Hyde Would Have Had

KANSAS CITY, April 18.—Judge Latshaw today let down the bars and permitted Special Prosecutor Reed to recite the allegations tending to show the motives for the alleged murder of Colonel Thomas Swope, with which Dr. B. C. Hyde is charged. The court announced that he will permit the prosecution to recite the mysterious illness of the other members of the Swope family, with the benefits the prosecution alleges would have accrued to Hyde with the death of the Swopes.

BIG GOLD STRIKE AT DOWNIEVILLE IS THE BEST OF YEARS

NEVADA CITY, April 18.—The richest gold strike in California of recent years is reported at the Standard mine near Downieville, Sierra county. A message received here stated that \$70,000 worth of gold had been taken from nine tons of ore. A rush is expected and there is great excitement here.

TRAIN WRECK KILLS THREE

Illinois Central Train Rolled Down Fifteen-foot Embankment

JACKSON, Miss., April 18.—The engineer and three mail clerks of train No. 2 on the Illinois Central, were killed today when the train rolled down a fifteen-foot embankment. The fireman is missing and is believed to be dead. Two mail clerks are severely injured. Five cars left the rails.

Railroad men believe the accident was due to the work of trainwreckers. The fish plates holding the rails together, where the wreck occurred, were removed and the rails had been loosened. Officers are searching the country for the supposed train wreckers.

HOTEL BLOWN UP IN SALT LAKE CITY, UTAH

Explosion Was Tremendous and Smashed Windows for Blocks Around

DYNAMITE WAS USED IN DESTRUCTION OF HOTEL

Labor Troubles Believed to Have Been Back of Expensive Disaster

SALT LAKE CITY, April 18.—The steel frame work of the thirteen story Utah hotel, in course of construction, was dynamited early today.

The explosion shattered all the windows within a radius of several blocks. Hundreds of persons were panic stricken. The force of the explosion hurled the steel girders hundreds of feet in the air and dropped them in the streets like straws. Roofs of the adjoining buildings were damaged and persons in nearby lodging houses narrowly escaped death. Telephone and telegraph operators in a building two blocks distant were thrown from their chairs and hundreds of wires were prostrated. The police have but few clues to the perpetrators of the outrage.

Shortly before the explosion a watchman saw two men run from the building. To the fact that they pursued the fleeing men the watchmen undoubtedly owe their lives.

Labor difficulties have characterized the construction work on the hotel. Several workmen are reported to have been attacked because they worked on the building after the Jones Construction Co. had declared "open shop." The structure had reached the eighth story and would have been completed in three months.

WHO WILL GET THIS CHILD?

Mother Wants Little Girl Back But Tapia Will Fight the Change

Judge West has a case of child-possession to decide. The child is Alvina de Martinez, aged six years. This girl was given over to Manuel Tapia of Anaheim five years ago by her mother, whose husband had died leaving her destitute. The child went blind and Tapia spent much money restoring her eyesight. He has become much attached to the girl.

The mother has since married and now she wants her daughter back. Tapia declares that Dr. Beebe of Anaheim says that radical change or excitement may kill the girl, who is frail.

The matter was not decided today.

EL MODENA'S FARMERS BUSY

Vegetables and Strawberries
Doing Well—Planting Sweet
Potatoes Now

EL MODENA, April 18.—The rain early last week was just what the ranchers wanted to help the barley crop and many other crops were greatly benefited.

Garden vegetables are looking fine. Strawberries are selling for a good price now.

Some of the ranchers are busy planting sweet potatoes and second crop of garden truck.

The improvements at the store are being pushed ahead to completion and already things look better.

Mrs. Maas has been enjoying a visit from her parents who have been spending the winter in San Diego county and who intend to return to their home in Ohio next month. Mr. and Mrs. Harris have been spending a short time visiting in Long Beach and while there had Mrs. Maas and her family and Clate Stanfield and family and Orpha Crist spend a day at Long Beach with them last week.

The Utopians and the Knights of Honor of the Sunday school with their teachers, Mrs. Maud Hadley and Mrs. Murry, spent Saturday a week ago at the park. They went in Mr. Stanfield's big wagon.

The Philathea class is now rejoicing in the presence of their teacher, Mrs. Granger, who had been absent all winter.

WHY IT SUCCEEDS

Because It's for One Thing Only
and Santa Ana People
Appreciate This

—Nothing can be good for everything.

Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They cure sick kidneys.

They cure backache, every kidney ill.

Here is Santa Ana evidence to prove it.

Mrs. Frank E. Felts, 826 East Third street, Santa Ana, Cal., says: "Doan's Kidney Pills have given excellent satisfaction in our home. Our knowledge of them dates back about fifteen years ago. One of my relatives suffered from backache and was also subject to dizzy spells, during which dark spots appeared before the eyes. The symptoms in general indicated that the kidneys were disordered, but the medicine that was taken did not seem to bring much relief. Doan's Kidney Pills were finally used and they did away with all the difficulties. I have also taken Doan's Kidney Pills and have found them prompt and effective in removing backache. I gave this remedy to my little girl when she was two years old and it cured her of a kidney weakness."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

FRANCHISE IS ON THE TABLE

Orange Trustees Did Not Offer
It for Sale—Vote Stood
Two to One

ORANGE, April 18.—A special meeting of the city trustees was called for Friday evening at the request of the telephone franchise committee, composed of Messrs. Buchanan and Dittmer. Trustees Drake, Boring and Dittmer were present. Trustee Dittmer submitted a franchise on which it had been decided to call for bids. After a discussion of the matter a motion was made and seconded to lay the matter of advertising for bids on this franchise on the table, to be disposed of by the new board, which goes into office on Monday evening.

Newly Wedded
Mr. and Mrs. Fred Grote, who were married in St. Louis on last Wednesday, are expected to arrive in Orange this week to make their home here. As Mrs. Grote is well known here in Orange, having visited here last winter with her parents, Mr. and Mrs. J. Schuessler, her return is anticipated with pleasure.

Mrs. Geo. A. Wright is visiting in Lindsay, where Mr. Wright has located since leaving Orange, where he was formerly editor of the Orange News.

Miss Dorothy Perkins, who has been employed as operator in the Pacific Telephone office, left on Wednesday for her home in Iowa. Miss Perkins has been the recipient of a number of farewell parties given in her honor, by friends who regret her departure.

Ernest Cosart returned last week from Tulare county to begin his work as United States census enumerator for Orange.

Mr. Noel Bibber, who returned Thursday from a trip to San Francisco, brings word that R. H. Wallace, who has been seriously ill there, is improving.

Among the Los Angeles visitors Friday were C. A. Fiene, Henry McCarthy, Miss Peck, Mrs. L. A. Durfee and daughter.

Mr. and Mrs. Harry Brandt and Mr. F. Blank left for Bakersfield to attend the funeral services of Mrs. Brandt's sister, Mrs. Uhlig, who died suddenly last week at McKettrick.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them **Remedies of Known Composition.** By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, in which the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the woman's functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicine.

SPORTSMAN and TELEPHONE

EVERY time a man wants to get away from all connection with the busy world, the telephone is an important helper.

The local service is useful in arranging his affairs at home, and the long distance service of the Bell system helps him to decide where to go and what to take.

By means of his Bell Telephone he can find out whether the fish are biting or the birds are flying, and whether guides or horses can be secured.

After he has been out a while, if he wants to get word from the city, the nearest Bell Telephone is a friend in need.

DEPARTMENT W.R.C. REPORT

The following report will be presented to the department W.R.C. convention to be held in Oakland this week, by Mrs. Blanche Hemstock, press correspondent for the department of California and Nevada:

To the department convention of the California and Nevada Woman's Relief Corps, which convenes at Oakland, Cal., April 19-22:

Thus closes another harmonious and highly prosperous year for this grand order. Through the splendid management of the department president, secretary and treasurer, the department books were closed with only thirty-eight cents due the department from the many corps; this is an unusual showing, of which they are justly proud.

There has been expended for relief the past year by this department \$5504.57, and there has been a gain in membership of 254.

The National Woman's Relief Corps was organized twenty-seven years ago at Denver, Colo., when Paul Vandervoort was commander-in-chief of the Grand Army of the Republic. After the close of the war of '61-65 it was found that there was yet need of woman's aid and assistance to help care for the sick and maimed soldier, the widow and the orphan. Commander Vandervoort called for the different societies then in existence to come together at Denver, and there the Woman's Relief Corps was organized with a membership of fifty-eight and only a few dollars in the treasury, and was accepted as the auxiliary of the Grand Army of the Republic. Since that time thirty-five departments have been organized in the United States, with many corps in Southern and Western states having no state organization.

As years have gone by the work of assisting posts and rendering relief has steadily advanced until at the present time it stands as the largest relief organization in the world. Our order was created to give and not to receive, and therefore the problem of finance was, from the beginning, all important. Realizing that healthy financial conditions are the true motive power and balance wheel of business successes, business principles and systems were weighed with an eye single to the development of questions on ways and means, always calculating balances and results. We began with the fixed determination of depending absolutely on ourselves and our own resources to meet the demands of the obligation we had assumed.

Our order has grown beyond all expectations, to the vast membership of over 163,000 patriotic women. More than 1200 women have placed their names on our rolls within the past

year. We have no unpaid debts or liabilities. There has been expended for relief since 1883, \$3,429,215.71; for the year 1909 alone, there was expended \$238,719.

The bounty of our order flows through many channels, but the end is the same, and no Union veteran of the Civil war, or his family, is neglected. Many homes have been made more comfortable through times of depression, sickness and death, by these "angels of mercy," the ladies of the Woman's Relief Corps.

Patriotism and patriotic instruction to the rising generation have been a natural outgrowth of our work. Much time and money is being spent along this line of work, thus instilling into the hearts of the children love of country and true allegiance to the United States of America.

Patriotism is not limited to times of national conflicts, but equally expressed in every form of service where love of country rises above selfish motives.

As the sun is to the blossom, the soul to the body, faith to religion, so is patriotism the life of a nation.

One of the important days of our order is Memorial Day, May 30. It has been rightly termed the Sabbath of the nation. Though forty years have elapsed since its institution, there is no sign of decreasing interest on the part of the public, but rather it is marked by such wonderful increase that in all this broad land scarcely a village can be found whose inhabitants fail to give it proper observance. To this remarkable growth the Woman's Relief Corps has largely contributed in the past; nor shall it relax its effort to make Memorial Day of the future sacred to the memory of the Lincoln soldier.

OVERSHINER BUYS HOPPER'S INTEREST

Well Known Santa Ana With
Yarnell to Run Weekly
Bulletin

Charles D. Overshiner has bought the half-interest of L. M. Hopper in the Santa Ana Bulletin, the Democratic weekly published in this city. The firm of publishers is now M. A. Yarnell and C. D. Overshiner. Hopper, who has been connected with the Bulletin as half-owner for about six years, will probably go to Louisville, Ky., on a visit. Overshiner was foreman of the Blade's composing room for seventeen years. For the last year he has been at work at his trade in Los Angeles, maintaining his home here, however. Overshiner is a Kentucky Democrat, and his advent in the Bulletin office will make no change in that paper's politics, only to make it a little more so.

HE SAW THEM ALL PERFORM

Bought Sausage and is Now on
Still Hunt for the Missing
Link

BERRYDALE, April 15.—The minstrel show given at Garden Grove last night by a bunch of amateurs from the rural wards was simply immense. I laughed at the funny con jokes till I hadn't a button left on my garments to hold them in place and was compelled to resort to nails, tooth-picks and "safetys" to avoid being run in by Deputy Sheriff Sweetzer. The hall was packed to suffocation and this is no joke—while perhaps one-fourth of those who came were unable to gain admittance. The net receipts were \$51 and a few nickels. Only for some one's contrivance this sum would have gone to beautifying the school grounds. But then, well, then. There were a number present from Santa Ana and among them I noticed our distinguished townsman Charlie McNaught and wife. Whether Charlie made the trip for the beautiful moonlight ride, to enjoy the untrammelled liberties of a good old-fashioned country laugh, or to study the art of "minstrelsy" as it exists below the border, I am unable to say. At the urgent request of those who were unable to attend last night, the play will be produced again Saturday night.

There are a great many well-to-do people in Orange county, but there are three who are especially wealthy and there has been considerable speculation as to which one of the trio is the richest. James Irvine owns 100,000 acres of our fertile soil, a man over in the peatlands country has 100 brood sows, and Uncle Hank Hendings keeps 600 laying hens. Just drop a nickel in the slot and make a guess.

I was in town the other evening, and having just a dime left in my wallet and after casting about for a purchase that would treat our family of three, I happened in the butcher shop and found I could get three links of sausage for my capital. When I got home and untied the package I discovered there were only two. Like Darwin I am now organizing an outfit to go in search of the "missing link."

ACTIVITY IN NEARBY FIELD

Storm Drove Oil on to Beach,
Giving Rise to Talk
of Vent

Newport News: Activity is displayed by the several companies now drilling for oil in the fields near this city. Undismayed by the collapse of the casing on well No. 2, the Newport Bay Oil Company now has well No. 3 down 2270 feet. A stratum of heavy oil already has been passed through.

The Tidewater Oil and Asphalt Company also is drilling on its property and has reached a depth of 1600 feet. In order to be fully protected against the water, 8 5-8 inch casing is being used. Ninety feet of low gravity oil have been passed through, and the company now is considering a proposition to erect a refinery.

As the property of the Tidewater Company is much lower than that of the Newport Bay Company, it is believed that lighter oil will be struck at a depth of less than 2000 feet.

After the storm Monday night the beach, for a distance of three blocks in front of this city, was covered with oil, in some places to a depth of over an inch. As this thing has happened before, it is thought that there is a vent in the bottom of the ocean close in-shore, from which the oil escapes and is driven ashore whenever there is a storm without a heavy downshore current. The oil undoubtedly comes from the same field in which the oil is obtained on the bluff back of the city, and it may be that if a well were sunk along the ocean front, it could be obtained in paying quantities.

The Clyde Jackson, which is now under the sand pump, is showing strong traces of oil.

FOR YOUR HAIR

Here Are Facts We Want You
to Prove at Our Risk

—Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

When Rexall "93" Hair Tonic will do as above stated, it is not strange that we have such great faith in it and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Rexall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store.—The Rexall Store. Dean's Drug Store.

About the various routes, trains, etc., and the attractive reduced fare excursions to many eastern points. If you contemplate an eastern trip—either one way or round trip—it will be to your advantage to talk it over with a Southern Pacific agent.

With the four routes over which it is possible for a trip to be made, and the superior service via all of them, you surely will find some one of them just the one for your trip.

You may prefer to go via San Francisco and Ogden, passing over the high Sierras and Great Salt Lake; or north through Portland over the scenic Shasta Route.

Another way is via El Paso and the Rock Island Line—and still another through New Orleans over the Sunset Route.

Through sleepers from Los Angeles to Eastern points are run via all these different routes (except Portland), and each has its own attractive features.

INQUEST HELD ON SATURDAY

No Blame Attached for Death
of Floyd L. Miller, the
Edison Lineman

Coroner George S. Smith held an inquest Saturday evening upon the body of Floyd L. Miller, aged 25, who was killed by an electric shock on Saturday. No blame was fixed by the jurors, G. E. Robinson, Henry Luvembourger, Jr., M. B. Lacy, W. W. Wasser, G. E. Norton, W. B. Mason, J. T. Wallace, A. E. Chapman and A. Von Allmen. The verdict was that Miller came to his death by "an electric shock from high voltage wires of the Southern California Edison Co. system while employed by said company as lineman."

Russ Houston, W. T. Robertson and W. Vest, Edison linemen, and E. R. Majors and Lloyd Carey, Sunset linemen, F. S. Todd, Edison foreman, and Dr. C. D. Ball were witnesses.

Robertson was the principal witness. He was working with Miller on the same crosspiece. Suddenly Miller toppled. Robertson seized him by one foot and held him until he could be lowered. The Sunset men were on a pole across the street, and assisted in letting Miller down.

Miller was buried this afternoon from S. W. Smith & Son's parlors. His father and wife survive him.

Robertson, who was on the pole when the 2200 volts passed through Miller, received the same voltage about two weeks ago without serious results.

will buy stock in the MIDWAY SECURITY OIL COMPANY today. The company is going after oil regardless of the sale of stock. Its officers and management, will bear the closest and most rigid personal investigation. I want wise and conservative investors who believe in oil to come in with us at the opening price as the stock will surely go higher. This is a live investment opportunity in a legitimate oil company with the most ideal location where profits will follow development.

12 REASONS WHY

I predict that MIDWAY SECURITY OIL COMPANY STOCK will go to \$3.00 per share and why I advise the purchase of this stock at this time.

FIRST—Because the Company's holdings are located right in the heart of the Gusher territory in the greatest oil field in the world.

SECOND—Because the company is already fully equipped and drilling its first well.

THIRD—Because the company's rig and machinery, tanks, buildings, water lines, etc., are all new, first class in every way and all paid for.

FOURTH—Because the company's backers are strong people who back their judgment with their own money, who have obtained the best expert advice and will sink to oil and win success regardless of stock sales.

FIFTH—Because the money received from the sale of stock will go into the company's treasury to be used for practical development and not into the pockets of promoters.

SIXTH—Because the company is capitalized for only 600,000 shares, and has placed 400,000 shares in the treasury.

SEVENTH—Because the company intends as soon as possible to list its stock on the Los Angeles and San Francisco Stock Exchanges and on the New York curb.

EIGHTH—Because I believe the company has secured the services of the best field superintendent in the Midway district—a man of wide experience who thoroughly understands every detail of the oil industry.

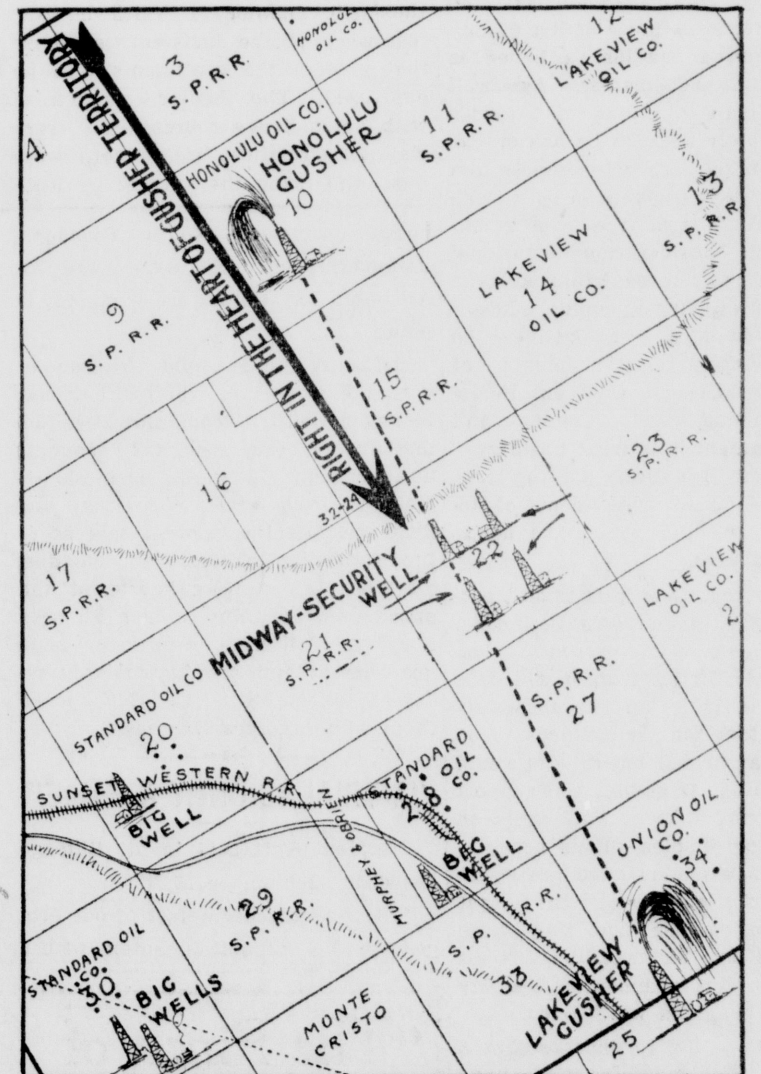

NINTH—Because there are no salaries being paid to officers or directors of this company; everyone having unlimited faith in the MIDWAY SECURITY territory and its future production.

TENTH—Because we are on the eve of the greatest legitimate oil boom ever known in the history of the United States—this being demonstrated by the wonderful developments during the past few weeks in the Midway fields.

ELEVENTH—Because I know that this is the most opportune time to buy MIDWAY SECURITY OIL COMPANY STOCK at this price, as it will sell at a much higher figure in a very short time.

TWELFTH—Last but not least, I advise the purchase of MIDWAY SECURITY oil stock because by buying now you are starting in on the ground floor with real live oil operators and in a real live oil district at the right time and place and at the right price.

IT'S UP TO REPUBLICANS
The decision of Ed. Tedford to become the Democratic candidate for County Auditor—for his nomination is a foregone conclusion—puts it up to the Republicans to insure the filling of this important office with the right kind of man. That is to say, the Democrats will have a candidate about whose character and qualifications there can be no question, and concerning whose independence and freedom from improper control or influence of any kind there can be no doubt; therefore, if the Republicans will nominate the same kind of man, the county will have a good Auditor for the next four years, no matter which candidate wins at the polls in November.

And it may as well be admitted at the outset that unless the Republicans put up a strong candidate and support him loyally and aggressively, they cannot hope to elect him. If they do nominate the right kind of a man and give him the right kind of support, there is no reason why they should not elect him, despite the unquestionable popularity and strength of Tedford.
And in passing it seems proper and pertinent to indulge the hope that all the candidates nominated by the Democrats may be of the Tedford character and caliber; for this would put the Republicans on their metal and make them careful as to the character of all their candidates; and after all the election of the right sort of men for county officers is more important than the success of either Republicans or Democrats.

THE SPIRIT SPREADS
The growing strength of the Good Government forces of Southern California was finely evidenced Tuesday when many cities held municipal elections.

Everywhere throughout this section of the state the people are coming to realize that politics should have no more influence in the election of city officers than a candidate's belief as to the origin of matter. As well choose a man to attend to a town's business solely because he has or has not freckles on his face as choose him because he is a Republican or a Democrat. Politics rightly becomes a matter of great consideration in national affairs, but should be banished as a factor in filling city or county offices.
The heads of a great business do not select their superintendents of departments because they are Democrats or Republicans. County and city government is a great business—nothing more and surely nothing less; officials are its superintendents of departments and the voters the heads of that business.

Public education in this regard proceeds rapidly in Southern California. There will come a day presently when no candidate for local office will dare rest his candidacy on the absolutely irrelevant fact that he chances to be a Republican or a Democrat. He would as soon think of asking for support on the ground that he had warts on his hands or pimples on his neck.
Tuesday's elections gave gratifying proofs of the growth of the right spirit. We confess that they were more gratifying in that the Times courteously thus commented the day before the elections were held:

"It is interesting to observe that a number of the municipalities have what the organizers are pleased to call 'good government leagues.' Whether these have any connection with the Lissner-Churl crowd is not apparent, but doubtless the latter have not been able to confine their pernicious activity to this city. Owing to the notorious failure of the Good Government crowd to properly conduct the affairs of Los Angeles, those who are running under a similar banner in smaller cities today will be handicapped."

As witness Redlands, where the Good Government forces were additionally handicapped by the fact that Mayor Alexander and Mr. Thomas Woolwine had the hardihood to take an active part in support of their campaign. The result? The Good Government forces elected all their candidates but one. The Good Government leagues elsewhere achieved

Johnson-Wallace-Works Campaign Up North Is Proving a Big Success

The Johnson and Wallace campaign in the extreme northern part of the state is being marked by great enthusiasm. The Sacramento Bee, in describing the tour of the candidates in Siskiyou county, says: "Yesterday the Johnson party took automobiles at Yreka following the big meeting there of the night before, as reported in the Bee, and visited Fort Jones, Etna, Greenview, Callahan and Gazelle, at all of which points they were greeted by large and interested crowds. Johnson's oratorical abilities made a deep impression and his remarks were loudly cheered. The swing through Siskiyou has proved most encouraging. The people have evinced decided interest, especially in Johnson's denunciation of the railroad machine and corporate control of the political situation in this state generally. His hearers responded emphatically to the points made, indicating a resolve to rally to the banner of candidates who stand for the rights of the people."

The Red Bluff News says of the meeting in that city: "Mr. Johnson is unquestionably a fine speaker, and really attracts the attention of his audience, and he was intently listened to for every word that escaped his lips. He is aggressive and still not rabid; his remarks are principally directed against the abuses the people are compelled to suffer from the railroad, and he does not mince matters in saying just what he thinks. In many ways his ideas seem to travel in the same groove with those of Theodore Bell, and should these two young stalwarts face each other for this important office this fall, the state will be treated to one of the most interesting campaigns in its history. Whether you coincide with Mr. Johnson or not, he is worth listening to, as his talk is abreast of the times, and he seems to be sincere."

According to the Oroville Register, Mr. Johnson was given a great reception in Oroville. There was no club or other organization there to arrange for his meeting, but the people poured out to meet him just the same. The Register says: "That Hiram W. Johnson scored, and scored heavily, last night at the Atkins Theater no one could deny, who was present to witness the enthusiastic manner in which he was received and the insistent applause that greeted the sentiments that he expressed. The theater was filled with an audience representing every walk of Oroville's life. There were men who made their living by man-

notable victories. South Pasadena, Redondo Beach, Glendale, Arcadia, Alhambra and Colton are instances in point.

Evidently the example Los Angeles sets, the resolution wherewith it has banished politics from municipal administration, the resultant economy and efficiency in public business, its freedom from graft, corruption and dishonor, and the general success of the revolution against the machine, all these things have heartened and encouraged men and women all over Southern California who love good government and are increasingly resolved to establish it. God speed them.—Los Angeles Express.

And the attentive manner in which they listened to Mr. Johnson, the applause which greeted every appeal for an overthrow of the political machine and its elimination from California politics certified to the fact that it had found an answering echo in the hearts of many in the audience.

"Mr. Johnson's speech was a brilliant exemplification of the principles for which he was waging this campaign. The charm of his personality inspires confidence, and the force and earnestness of his appeal brought conviction. Withal the speaker exercised a degree of charity that disarmed suspicion and softened enmity."

The following report of the meeting at Dunsuir, a railroad town, is sent to the Sacramento Bee:

"If there has been any doubt about the strength in Southern Siskiyou of the Lincoln-Roosevelt movement, or the popularity of Hiram W. Johnson, that doubt was effectively removed last night, when the opera house was filled to the doors with an audience composed mostly of men and voters to listen to Mr. Johnson. A. J. Wallace, Judge J. D. Works and Alex Gordon, who talked for two hours on the live issues of the campaign.

"Dunsuir never demonstrated at a political meeting as it did last night. Men prominent in business, municipal and railroad affairs participated in an active way and it may be said that the vice presidents of the meeting comprised the foremost leaders in affairs in this section. Men who had been life-long partisans of either party affiliated and grew enthusiastic over the speeches and the predictions of success of the reform movement.

"The sentiment in this neighborhood in favor of good government as represented by Mr. Johnson is growing rapidly and the impression left by him is manifest everywhere. Even pronounced Socialists have openly stated since the meeting that they intend to vote for him; and one old Grand Army man was heard to say that never since the Lincoln-Douglas debate had he heard such a speech.

"Mr. Johnson's speech was great—great because it was the sincere utterance of a consistent man, whose labors in behalf of civic betterment were and are well known. Those who attended the meeting (and everybody for miles around was there) went away with more faith in popular government than they have had for many a day."

judgment of the court below, and well may he not be, because the record of reversals is so great as to encourage it in every case and to hold important judgments in appellate procedure sometimes for years. I don't know when the reforms are to be brought about in this country. Until our people shall become fully aware and in some concrete way be made to suffer from the escape of criminals from just judgment the system may continue.

"The trial here is a game in which the advantage is with the criminal, and if he wins he seems to have the sympathy of the public."

Clairvoyant

What Will Be Thy Fate?

LUZON

The World's Greatest Psychic Adept and

Palmist

The best will come—those who have never visited a clairvoyant before. Why? Because I intelligently unravel their troubles. I see all, I tell all, and never ask a solitary question, but you must come to me fair-minded and honest, or I cannot help you; the very nature of my profession admits of no challenge contest. Be passive and I will tell your innermost soul, solve the mysteries that rack your brain and life from your spirit the troubles and cares that weight it down, tell what you earn, and whether or not you could do better, where to invest your money to gain the greatest result; the prospect of an increase in business, who your employer is and how you rate with him; who of your employees are honest or dishonest with you. I give the names of those who love you, who are true and those who are false. I locate missing persons, papers, and furnish evidence, I give the names of your rivals, enemies and friends. I do and out what causes your bad luck and remove spells, hindrances, stumbling blocks and hurts. I stop evil habits, vice and your enemies' designs.

If you are going to consult a clairvoyant, why not see the best.

W. H. Young, on West Fifth street was the scene of much merriment Friday night, April 15, at 8 p. m., when their daughter Laura entertained about forty young people. The party was given for the young people of the B. Y. P. U. The evening was spent in music and games, and Mr. and Mrs. Young demonstrated that they are quite "young" people yet. At about 11 p. m. a bountiful repast was served, to which all those present did ample justice. Miss Laura is a popular and accomplished young lady, who numbers her friends by her acquaintances, and it is needless to state that all the guests enjoyed themselves immensely as they always do at this hospitable home, where the host and hostess never do things by halves.

A Pleasant Surprise

Saturday afternoon at the home of Mr. and Mrs. C. G. Ramsey, 822 Parson street, there was a gathering of near neighbors and friends, the occasion being the fifty-ninth birthday of Mrs. Ramsey's sister, Mrs. Gertrude L. Strong of Huntsville, Ala. Mrs. E. L. Stroup being in the secret took Mrs. Strong for a drive and when they

returned the parlors were well filled, which was a complete surprise to Mrs. Strong. The time was passed in lively conversation, and examination of highly prized keepsakes, Miss Mary and Gertrude Ramsey played duets on the guitar and mandolin, and Miss "Dede" Ramsey used the piano to add to the pleasure of the guests.

Delicious fruitade, cakes and candies were served. Later on a waiter well filled with nice presents and cards with birthday greetings, also beautiful bouquets, was an extra surprise to the guest of honor, who thinks "the California ladies know how to make one feel at home."

The guests of the afternoon and evening were Mesdames W. G. Mitchell, Brennan, M. L. Coleman, Wallace, Watkins, Stennett, W. B. Tedford, Hossler, Nuckolls, Wagoner, Von Allen, L. Elliott, F. Todd, Lea Warren, Pyatt, Prince, Stroup, Jackman, G. C. Post, T. H. Rice, Dr. and Mrs. Littell and Mr. W. T. Mitchell.

"The Recruits"

Mrs. J. H. Edwards was hostess Saturday afternoon to the boys of her Sunday school class of the First Methodist church, "The Recruits." The boys not only had some merry games, but had great pleasure in looking at a collection of curios. Dainty refreshments were served by Mrs. Edwards, assisted by Miss Sullivan.

The boys present were:

The members of the class present were John Bruns, Joe Irvine, Dexter Martin, Ralph and Willis Mitchell, Raymond Marsile, Cyril Parker, Borrell Pierce, Boyd Preble, James Sexton, Basil Smith, Thos. Trytholt, Cecil Bunker.

Luncheon for Travelers

What might fittingly be termed as a Rose luncheon was the pretty function given at 12:30 o'clock today for the ladies of the Travelers' Club by Mrs. J. P. Baumgartner, assisted by her sister, Mrs. Ella Palmer. On every side were seen the fragrant flowers that are just now making Southern California a veritable earthly paradise. Velvety red roses were in the parlor, while in the library and dining room were roses in hues that shaded from a vivid pink to the faintest blush. Ferns on tables, mantle and buffet combined in the color scheme of pink, white and green.

Tables were set in the dining room and the library, and the glitter of cut glass and silver and snowy linen blended in exquisite effect with the centerpieces of roses, and the roses massed in vases elsewhere. At each place was a souvenir postcard from Mrs. H. R. Bristol, who was unavoidably absent in the North. These were pretty photographs of attractive scenes in the North, and had a unique charm.

Besides the hostesses, the Travelers for whom covers were laid were: Mesdames Smart, Nickey, Bishop, Stephenson, Kendall, Van Cleave, Shaw, Dryer, Davis, Carden, Skinner, Clarke, Visel Lacy, Smith, Ames, Ross, Roper, Miss Cotter. Mrs. C. L. Day of Long Beach, who is the house guest of the hostesses, was also a luncheon guest.

WEDDING CAKE WINDOW INTERESTS BRIDES-TO-BE

All the blushing brides-to-be, as well as their young men, are taking admiring glances at that beautiful wedding window at the Dragon. Ropes of fern outline the window, and in the center is a magnificent wedding cake, elaborately iced, surmounted by turtle doves and roses, and surrounded by bridal symbols. There are seen the bows of snowy satin ribbon, the streamers of tulle, the bridal bouquet, the doting father's wedding gift of a generous check, the wedding ring in the heart of a lily, sparkling cut glass, and those airy but significant trifles that the bride's cake reveals; the ring indicating an early wedding for the finder; the button, omen of single blessedness; the thimble, synonym for an industrious housewife, the dime, sign of riches, and the seashell, meaning travel. The ensemble is perfect and is attracting crowds.

This is the first of a series of wedding and anniversary cakes to be arranged by the deft hands of Mr. Fuller. They will be worth watching for.

ASK THAT HE BE APPOINTED

Petition from Foothill Men Asks That Martin be Named Fire Warden

A large number of ranchers interested in the foothill region about San Juan Capistrano have signed a petition asking the Board of Supervisors to appoint Victor Martin of the mission village, as fire warden.

Forest Supervisor Marshall suggests that W. K. Robinson be appointed again this year. There is some question as to whether or not Robinson can hold the position and at the same time hold down the deputy state fish commissioner.

Martin is well acquainted with firefighting work and knows the mountains thoroughly.

Street Parade

The street parade that will be given here May 3 at 10 a. m. by the Campbell Brothers Consolidated Shows will be a brilliant spectacle, consisting as it does of hundreds of high-spirited horses with their natty trimmings; South American Gauchos and Australian boomerang throwers; bright-eyed senoritas from Mexico; desert-born Bedouin Arabs; Japanese athletes and Hindoo fakirs; detachments of cavalry troopers of many flags; master horsemen of the universe; Mexican, Indian and American bands and strange Oriental music, of many nations, funny clowns with their funny mules and ponies and the magnificent cages containing the wild beasts of the desert and trained animals. In fact it is a parade that is in itself a grand and beautiful show. Everyone be sure and see it at 10 a. m.

OUR WASHINGTON LETTER

WASHINGTON, April 17.—When Geo. W. Cureton, who lives up in the northern corner of Georgia—in Dade county to be exact—pinned his faith to a United States internal revenue stamp authorizing him to make whiskey, and proceeded to do so, he got himself, the state of Georgia, and even the federal government itself, into a peck of trouble. He and two federal revenue agents were landed in jail, the state of Georgia defied the national government to release them, and for the last six months there has been a bitter legal warfare which has only just been terminated.

The whole controversy would have been avoided in the first place if Cureton and some of the others involved had realized that the United States does not "license" anybody to go into the liquor or tobacco business. The license must come from the state or district in which the business is to be carried on. The national government merely insists that those who engage in the business must pay a tax to Uncle Sam for the privilege.

Nor does it make any difference to the National government whether or not those who want to pay such a tax live in a prohibition district. It is always ready to sell the stamps which show that tax has been paid and which guarantees that there will be no federal interference. In one town in the "dry" state of Kansas over one hundred such stamps were sold last year and in the state of Maine—also a stronghold of prohibition—over 600. But Cureton's case, in the prohibition state of Georgia, was a peculiar one.

Living up in the hills, with a sparse but thirsty community around him, separated by many miles from the places which cater to the desires of the bibulously inclined, Cureton conceived the idea that there was a good living, if not a fortune to be obtained by establishing a "still" and selling its products to his neighbors.

Being wise in his generation, and having knowledge of the implacable fashion in which the "revenue men" will dog down anyone who tries to run that kind of business illicitly, Cureton decided that it would be safest to be open and above-board in carrying out his plans.

So he went to the office of the nearest Collector of Internal Revenue and passed over the taxes required by the federal government. Then he went back home and started a real distillery.

Everything went along smoothly for a time and Cureton was making money as well as whiskey. The government storekeeper and gauger visited his place from time to time and verified the amount of liquor that he was making and saw that his account of material used was correct. His neighbors had their regular supply of "mountain dew" with the government "O. K." on it, and voted Cureton a good fellow.

But this peaceful scene could not last forever. After some months the state authorities learned of this far-

away mountain distillery running in violation of the state laws, and they sent a sheriff to investigate. Cureton was arrested and brought to trial in the course of which the government storekeeper and gauger, B. P. Thompson by name, was called upon to testify as to what was in Cureton's workshop. Thompson refused to give any information on the ground that government regulations prohibited a revenue officer from disclosing any knowledge gained in the course of his business. He was promptly sent to jail for contempt of court.

About the same time deputy collector W. E. Crockett broke off and removed the lock which had been placed on the distillery by the sheriff, and he was placed in prison.

The national government was arrayed against the state government, agents of the one upholding the Treasury Department's regulations and officials and others supporting the trampled dignity of the state laws and courts. There were habeas corpus and other court proceedings brought and suits threatened back and forth. Both sides refused to recognize the authority of the other and a really ugly situation was created.

The row started early last fall and it was not until a day or two ago that an amicable adjustment was reached. The government revenue agents pleaded guilty of "technical" contempt of court and the cases against them were at once dismissed.

But poor Cureton, who had pinned his faith to the government stamp, was fined \$1000 with the alternative of going to state prison for a year.

With a surprising contempt of the United States patrol of the Mexican boundary, contraband Chinese are flocking into the country. To peruse the statistics of the Pacific seaports in an attempt to get an idea of the amount of Chinese immigration into the country is to become an absurdity. They no longer make themselves miserable cooped up in dry goods boxes to be smuggled into San Francisco. Mr. Yung Toy Lee simply waits until the moon goes under a cloud and then quietly scuffles across the line from Mexico into this Utopian land.

A lack of money is seriously handicapping the Immigration Commission authorities from energetically prosecuting cases against Chinese found unlawfully in the country and in several instances they have even side-stepped the question of deporting them to China simply because of the cost of passage.

The appropriation for the Immigration Service this year was \$2,400,000. A deficiency of \$100,000 by the end of the fiscal year, July 1, seems to be assured and the officials are practicing all possible economy to prevent it from exceeding that amount. This has not only resulted in cutting down the force appointed to head off the flying Chinese but has affected the thoroughness of the examination of immigrants at Ellis Island.

The service demands more money and the chance to employ more and higher priced men for inspection duty. An immigrant is not entitled to entry who has committed an act involving moral turpitude, who has abnormal criminal or insane tendencies or is unfit to provide for himself and those dependent upon him. In short, a standard is set for him mentally, physically and morally, and a \$1100 to \$2000 a year inspector is given a few minutes in which to fit his man or woman to the pattern.

To effect this Anna Eva Fay task Assistant Secretary of Commerce and Labor Cable has been working very late into the evenings evolving "methods" whereby it might be accomplished. He has now worn off a portion of his enthusiasm and admits that he needs more men, better men, and more money from congress.

IMPRESSIVE DEDICATION

New Congregational Church
Dedicated in Presence of
Hundreds of People

With impressive ceremonies the First Congregational church was dedicated yesterday in the presence of a capacity audience. There must have been nearly a thousand people packed in the beautiful church at 11 o'clock, chairs being placed in every available bit of space in both auditoriums, while scores of people stood in the entrances and wherever else they could find room.

The splendid finish of the main auditorium was left untouched by decoration, its own classic and simple beauty being its best introduction. Lighted from the rounded dome above, with the noble organ expanse, choir loft and rostrum forming a beautiful ensemble in the front of the main auditorium and the flower decked Sunday school auditorium completing the form of the cross in which the church is built, the interior was remarkably beautiful.

Conducted by Rev. Chas. H. Seecombe the various exercises of the

morning moved smoothly and impressively. Besides the dedicatory sermon by President Blaisdell of Pomona college, the most striking feature of the morning was the dedication act participated in by the pastor and people. Rev. J. H. Embree of Santa Ana and Rev. Warren F. Day of Los Angeles assisted in the exercises. The church was presented by E. M. Nealley, chairman of the building committee, and accepted by M. M. Crookshank, one of the charter members. W. B. Wetherbee read an original dedication poem.

The fellowship meeting of the afternoon addressed by various ministers of the city who gave congratulations and gave the right hand of fellowship. Those speaking were Revs. J. A. Stevenson, R. C. Douglas, J. H. Garrett, and Geo. Husser.

In the evening the house was filled again to its capacity to hear the former pastors of the church, Revs. J. H. Cooper of Los Angeles and A. H. Hooker of Riverside, and once acting pastor, Rev. W. M. Brooks of Redlands. A union young peoples service in which the various churches united was a delightful one.

The music of the day was splendid, especially the rendition of Mendelssohn's cantata, "Hear My Prayer." The choir for the day was:

Mrs. Ella Fyfe, director. Mr. Percy Richards, organist for the day. Sopranos—Mrs. Ella Fyfe, Miss H. Roberts, Miss H. Hossler, Miss G. Barnes, Miss A. Taylor.

Altos—Mrs. A. E. Chapman, Mrs. Fred Rafferty, Miss M. Havens.

Tenors—Mr. C. Crookshank, Mr. A. Roberts, Mr. W. A. Bartlett, Mr. C. Conway.

Bassos—Mr. S. E. Tingley, Mr. Lloyd Sharp, Mr. George Roy, Mr. Fred Rafferty.

COUNTY HAS RECEIVED MORE OFFERS OF LAND

The Board of Supervisors has received a number of offers for county hospital and poor farm sites. Several of these offers have been received in the last two days and doubtless more will be on hand tomorrow.

As yet the board has not viewed any of the properties offered. Monday last was set as a day for a trip to view them, but the rain delayed the trip.

The plans of the board as to what to do in the hospital matter are still indefinite. The members seem to be all agreed that something must be done.

Santa Ana Ball Tossers Defeated Redondo Yesterday
by a 4 to 0 Score

(By Sunny Jim)

Santa Ana yesterday fought the Redondo Wharf Rats to a stand still at the beach town. It was a sensational 12 inning game, the best pulled off in Southern California this season.

The game was replete with many brilliant plays, in which both teams carried off equal honors.

Hinrichs for Santa Ana, and Abbott for Redondo, were in fine form. Both kept the hits so well scattered that the score board looked like a good candidate for an incubator.

When the twelfth inning arrived, Meats was given a base on balls. Jansing sacrificed him to second. Robinson singled to the infield, filling the bases. Malle singled over second base, scoring Robinson and Meats. Cayce drove one to right field, scoring Nalle. Hinrichs got to first on an error, Teck drove out a two-bagger, scoring Hinrich. Angle struck out. The smoke cleared and the fans hardly realized that Santa Ana had scored four runs until the gong sounded.

Hinrichs showed he still had lots of steam left by striking out two of the three batters in the twelfth inning.

Captain Meats has the team working in fine shape, and the playing of yesterday showed that the flag will probably land here this season. Pasadena will be seen here next Sunday.

was made to state that nearly all of the candidates suggested by the Democrats had "decided" to run, among whom were mentioned J. S. Rice, D. C. Pixley, J. A. Nunn and H. C. Kellogg. The word "decided" should have appeared "declined," showing that the four men named above had declined to run.

As a result of the conference of Democrats Saturday, the name of Ed. Tedford, Santa Ana's city clerk, was added to the list of the avowed democratic candidates. His was the only addition.

H. C. Head addressed the assemblage in regard to the state conference held in Los Angeles. He said that, newspaper reports to the contrary, the conference was "harmonious, and that the leaders felt greatly encouraged over the reports up and down the state.

The committee appointed to look over the field to get candidates into the races was not discharged, and presumably will continue to keep an eye out for available timber for those offices on which fights will be made and for which candidates have not come out. Among these vacancies are assemblyman, surveyor and two or more supervisors.

The conference was adjourned to May 14. Plans for raising money for campaign purposes were made, a financial committee of three from each supervisorial district to be appointed.

FORWARDING THEIR PLANS

Protection District Meeting
Held at Anaheim Last
Friday Evening

ANAHEIM, April 17.—An enthusiastic meeting of the citizens of Anaheim and other towns of the county interested in the protection of property from overflow by the Santa Ana river was held in the library building here night before last. There was a good representation of the towns interested and an organization was effected whose purpose is to protect the lands of the district from ravages by the river. J. F. Ahlborn was chosen president and A. A. Mills secretary. A committee was appointed to ascertain the boundary lines of the proposed protection district, which has an assessment of \$12,000,000, and to estimate the amount required to carry out the plans. It is thought that it will not cost the property owners more than 25 cents for every \$100 worth of property protected. Another meeting will be held here on May 3.

A residence for William Kee, to cost \$3500, will soon be commenced by the Home Investment Company.

The fourth anniversary of the Apollo Club was celebrated yesterday afternoon by a vocal and instrumental recital by its members in the high school auditorium.

FORMIDABLE FLEET FOR THIS COAST IS RUMORED

WASHINGTON, April 18.—The report that the Navy Department plans to build up a formidable fleet on the Pacific coast was partially confirmed today. It was stated that a naval squadron would be maintained on the west coast and if necessary several ships from the Atlantic stations would be sent to the Pacific coast for a certain period.

The Navy Department refused to comment on the report that President Taft expects to send around the world the greatest American fleet ever mobilized before the end of his term.

SUFFERED TORTURE AS HE WAS BEING RESCUED

SAN FRANCISCO, April 18.—Albert Reiner, aged 20 years, a mailster employed by a local brewery, was caught in a "conveyor" machine today and held tightly between the sharp blades for an hour while firemen tried to rescue him. His limbs were crushed and mangled, and every blow the firemen struck in demolishing the machine caused excruciating torture. When finally released his hair had turned perfectly white. He will recover.

ASKED RIDE GOT BULLET

Fullerton Peddler Thought Miguel Moreno Was Hold-up Man

Los Angeles Times: Isaiah Hover, a Fullerton huckster, mistook Miguel Moreno for a high-wayman when Moreno hailed the peddler's wagon, with the idea of getting a "lift" as he was proceeding about two miles south of Artesia, Friday night, and shot him through the left lung. The bullet inflicted a dangerous wound.

Moreno was carried to "Sheep" Smith's ranch and a physician summoned. Efforts were made to reach the sheriff, but he did not get the message until noon, yesterday. He followed the direction taken by Hover and overtook him at Alamitos.

The peddler explained that he thought he was being held up and that he is now sorry that he shot so hastily. He said the Mexican shouted to him, "Give me a ride," and then jumped on the rear step of his wagon. The sheriff brought him to the county jail and he will be kept in custody until the affair is more thoroughly investigated. As an indication of his innocence is the fact that he made no attempt to get away.

Moreno was taken to the county hospital. The surgeons say they cannot tell how serious his wounds.

The Automobile is Rapidly Supplanting the Horse for Business Purposes

"That the horse is rapidly being supplanted by the more efficient and economical motor vehicle is becoming more apparent each day," says Mr. A. B. Henrickson of the Fourth Street Garage, local distributor of the Reo. A case in point is that of Wilbur F. Godfrey who purchased a \$550 Reo run about about a year ago and who is highly pleased with the results obtained. Mr. Godfrey says that he is able to cover more than twice as great a territory with his Reo than he formerly did with a horse. This is accomplished too, with greater ease at less than half the cost. Mr. Godfrey designed and built a detachable back for delivery purposes that is at once proving serviceable and popular. Many local traveling salesmen are changing from the horse, trolley and railroad to the Reo.

Next week's issue will tell you all about our classy 4-cylinder Reo.
